

New Decade, New Ideas:

A Recap of our Packaging Innovations for 2020 Inspiration and Beyond

In the past year, Great American Packaging introduced significant innovations to its custom poly packaging line, providing customers with even more options. The new lines address the changing needs of the global economy:

100% PE Barrier Films

Fully recyclable multilayer films and stand-up pouches

8-Color Process Print

Superior quality images for flawless appearance and branding

Compostable Bags and Films

Eco-friendly, freezer safe, printable, meets ASTM D6400 standards

Plus...

SquareFit Bags

Clean, modern design using less plastic

Full-Color Poly Mailers

Extending your message to your customer's front door

Antimicrobial Films

Reduces contamination, FDA approved, tested under ISO 22196:2011
